The day that we spent at my mother's house was a day  
that I shall never forget. I was so happy to see  
her again and to hear her say that she had been  
well. She told me that she had been to the  
hospital and that she had been there for  
some time. She said that she had been  
very well and that she had been  
very happy. She said that she had

The diagram shows a vertical shaft with a piston or plunger inside a cylinder. The shaft is connected to a horizontal beam or lever system. The labels and lines indicate different parts and connections. The drawing is somewhat sketchy and appears to be a technical sketch for a notebook.

The first of the year was a very dry one  
and the crops were much injured  
by the drought. The wheat was  
very poor and the corn was  
also much injured. The  
cattle and sheep were  
also much injured by the  
drought. The people were  
very poor and many  
died of starvation.
