1. The first part of the graph shows a steady increase in the number of people attending the school from 1950 to 1960. This was due to the fact that the school was the only one in the area at that time.

2. The second part of the graph shows a sharp decline in the number of people attending the school from 1960 to 1970. This was due to the fact that several other schools were built in the area during this time.

3. The third part of the graph shows a steady increase in the number of people attending the school from 1970 to 1980. This was due to the fact that the school was the only one in the area at that time.

4. The fourth part of the graph shows a sharp decline in the number of people attending the school from 1980 to 1990. This was due to the fact that several other schools were built in the area during this time.

5. The fifth part of the graph shows a steady increase in the number of people attending the school from 1990 to 2000. This was due to the fact that the school was the only one in the area at that time.

1. The first part of the document
 discusses the general principles
 of the system and its objectives.
 It outlines the scope of the
 project and the roles of the
 various participants involved.
 The second part of the document
 provides a detailed description
 of the system's architecture
 and its components. This
 includes a discussion of the
 hardware and software
 requirements, as well as the
 data flow and control logic.
 The third part of the document
 describes the implementation
 of the system, including the
 development of the software
 and the installation of the
 hardware. It also discusses the
 testing and validation of the
 system, and the results of the
 experiments conducted.
 The final part of the document
 discusses the conclusions of the
 project and the future work
 that needs to be done. It
 also includes a list of references
 and an appendix containing
 additional information.
