The first thing I saw when I stepped
 out of the train was a vast, open
 plain stretching to the horizon. The
 air was clear and the sun was
 shining brightly. I felt a sense of
 freedom and adventure. The
 landscape was beautiful and I
 was excited to see what was
 ahead.

I had heard that the west was
 a land of opportunity and I
 was determined to see it for
 myself. I had packed my
 belongings and was ready to
 go. The train was moving
 quickly and I was enjoying
 the ride.

The first of these is the fact that the
 population of the country has increased
 very rapidly since the year 1800.
 This is due to a number of causes,
 the most important of which are
 the discovery of gold in California
 and the opening of the Suez Canal.
 The discovery of gold in California
 led to a great influx of people from
 all over the world, and the opening
 of the Suez Canal made it possible
 for people to travel more easily
 between Europe and Asia.
