The first of the year was a very dry one  
and the crops were much injured  
by the drought. The wheat  
was particularly affected and  
the yield was very low. The  
cattle and sheep also suffered  
from the lack of water and  
the loss of their winter  
pasture. The farmers were  
greatly distressed and many  
were forced to sell their  
livestock at a low price.  
The government has  
been very generous in  
providing relief to the  
people in the form of  
money and food. The  
people are now beginning  
to feel better and the  
crops are beginning to  
grow again.
