1. The first part of the book is devoted to a general introduction to the subject of the history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

2. The second part of the book is devoted to a detailed account of the history of the world, from the earliest times to the present day. This part of the book is divided into several volumes, each of which deals with a particular period or event in the history of the world.

3. The third part of the book is devoted to a general history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

4. The fourth part of the book is devoted to a detailed account of the history of the world, from the earliest times to the present day. This part of the book is divided into several volumes, each of which deals with a particular period or event in the history of the world.

5. The fifth part of the book is devoted to a general history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

THE HISTORY OF THE WORLD

1. The first part of the book is devoted to a general introduction to the subject of the history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

1. The first part of the book is devoted to a general introduction to the subject of the history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

2. The second part of the book is devoted to a detailed account of the history of the world, from the earliest times to the present day. This part of the book is divided into several volumes, each of which deals with a particular period or event in the history of the world.

3. The third part of the book is devoted to a general history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

4. The fourth part of the book is devoted to a detailed account of the history of the world, from the earliest times to the present day. This part of the book is divided into several volumes, each of which deals with a particular period or event in the history of the world.

5. The fifth part of the book is devoted to a general history of the world, and to a description of the various methods which have been employed by historians in the collection and arrangement of their materials.

Table 1. Summary of *S. aureus* isolates (n=120) from various sources (2005-2007). The table lists the source, the number of isolates, and the percentage of each strain type (MSSA, MRSA, and *Staphylococcus saprohyticus*).

Source	n	MSSA (%)	MRSA (%)	<i>S. saprohyticus</i> (%)
Human skin	40	65	30	5
Human nose	20	75	20	5
Human throat	20	80	15	5
Human ear	15	90	10	0
Human eye	10	100	0	0
